

KPA Student Trustee

VOTE FOR BETHANY EDGE!

WHAT CAN I BRING TO THE ROLE?

- I am passionate about ensuring that students who experience mental health issues have the opportunity to access support and feel able to talk about their experiences.
- I am committed to ensuring that all students voices are heard within committee meetings and are acted upon appropriately.
- My background in management means that I understand how businesses are operated and can cast an informed/ educated eye over the actions of the KPA and committee.
- With my PhD being within the field of critical management and teaching on such modules I am continually prompting my students to think critically about managerial techniques and decisions - something which means I will be able to confidently question committee decisions and hold the officers to account.
- I will be well-prepared for all meetings and ensure that your KPA committee is meeting your expectations and acting in your best interests.

ABOUT ME:

- Committed Keelite! I have been at Keele since 2011
- Dog-obsessed, compassionate PhD student who wants to make a contribution to the Keele Community.
- I hold a BA and MA in Management, both from Keele University, as well as being a Fellow of the Higher Education Academy/ Advance HE.
- I am currently working as a Graduate Teaching Assistant in the Business School and have been involved in teaching a variety of modules.
- Current co-coordinator for the monthly KBS PGR Meetings.
