

VOTE FOR ME FOR KPA SECRETARY

ELLIE RALPH

see you at hustings on 21st April at 5pm!
voting opens on the same day at 7pm!

I am a PhD student here at Keele in Politics and International Relations. I have been teaching at Keele for 4 years, which has enabled me to gain important communication and organisational skills that will benefit the role of secretary.

I have experience in project management and organisation is so important to me. I will work to streamline the weekly KPA emails so the most important and relevant information for you is easy to find.

I believe it is key for KPA Committee members to be a noticeable presence to students and active in student life. I am friendly, available and accessible.

I have experience in managing a number of roles at once, so I find having a visual calendar of the month helpful and would like to add this to all KPA emails.

I understand the stresses of student life and (especially in corona times) information overload! That's why it is important to me to make things clear and simple.
