

VOTE EVIE JEFFERIES FOR KPA EQUALITY & DIVERSITY OFFICER

Who am I?

My name is Evie Jefferies and I am a part time MSc Counselling and Psychotherapy student. I am fascinated by communication and the way people interact. I am approachable, confident and passionate about equality.

Why am I running?

I am running in this election for the post of Equality and Diversity Officer as I want to ensure Keele University is accessible and that all students are represented. I have an invisible disability and understand some of the challenges that disabled or mature students face. I am a course rep and have experience governing in local schools and a large North West Hospital.

What are my goals?

- 1. To represent all students** - Postgraduate students enter university life from a vast range of backgrounds. I hope to challenge the university to support all students, regardless of their current situation or personal characteristics.
- 2. Run campaigns throughout the year on issues that postgraduate students face** - I will engage with students from as many departments as possible and focus my efforts on creating long-lasting positive change.
- 3. Be a voice for all students during this challenging academic year** - Ensuring students are well supported during the pandemic and beyond.

Supporting postgraduate students across Keele
